

FUCHS *Fördertechnik* AG founded in 2015 a subsidiary company named

**FUCHS *Oberflächentechnik* GmbH**

located in the FUCHS premises in Oststeinbek, close by Hamburg, Germany's main seaport.

The new hall – fully equipped with 2 overhead cranes of 2 x 8 t each – is now used as an in-house paint spraying shop in a new dimension! FUCHS *Oberflächentechnik* GmbH now offers the full range of a state of the art blasting plant as well as a painting plant with adopted drying booth. Components of a size of 14 m x 5 m x 4 m can be handled safely and fast.

This new line-up leads to shorter production times and the excellent conditions – in combination with the experienced staff – were established to meet the highest quality standards, for example the perfect finish of the highest mega yacht standard.

Besides the coating of FUCHS crane systems the FUCHS *Oberflächentechnik* GmbH offers also the complete range of varnishing to external customers.

FUCHS *Oberflächentechnik* GmbH stands for fair marked conditions at fast processing – so customer's demands can be handled down to the last detail.
